LMP-P260

Replacement lamp for the projector models VPL-PX35 and VPL-PX40, 265 Watt UHP

The LMP-P260 is a 265 Watt UHP (Ultra High Performance) lamp for the projector models VPL-PX35 and VPL-PX40. During its entire lifetime you can rely on a constant light output generated by this lamp. When making important presentations, it is better to ensure you always have a projector lamp in spare, especially towards the end of the lamp's lifetime.
